Q Ship USA Now Offers Refrigerated Load Shipping Option

Brooklyn, New York, November 4, 2014 -- Leading Freight Brokerage Company, **Q Ship USA**, has partnered with national carriers who have proven their reliability in moving perishable freight throughout North America. They now offer their clients access to a network of thousands of temperature controlled trucks known as reefers. These trucks can transport refrigerated or frozen foods as well as temperature sensitive cargo through all sorts of outdoor weather types.

“This is a great addition to the broad range of services that **Q Ship USA** already offers. Reefer’s open up many new opportunities,” says **Charles Kohn**, CEO of **Q Ship USA**.
